

MISSION & VALUES

OUR MISSION: *To Protect People and Planet*

EJF believes environmental security is a human right

OUR VISION:

Our vision is for a world where natural habitats and environments can sustain and be sustained by the communities that depend upon them for their basic needs and livelihoods.

EJF strives to:

- Protect the natural environment and the people and wildlife that depend upon it by linking environmental security, human rights and social need.
- Create and implement solutions where they are needed most – training local people and communities who are directly affected to investigate, expose and combat environmental degradation and associated human rights abuses.
- Provide training in the latest video technologies, research and advocacy skills to document both the problems and solutions, working through the media to create public and political platforms for constructive change.
- Raise international awareness of the issues our partners are working locally to resolve.

OUR VALUES:

HUMAN RIGHTS AND ENVIRONMENTAL SECURITY

We believe environmental security is a human right and that the health, security and effective conservation of our natural world is essential to the well-being of all human-kind.

We believe in the equality of all people and in their equal and inalienable rights as described in the United Nations Universal Declaration of Human Rights.
