TRAUST - FRAMSÆKNI - VIRÐING

Iceland: 30 Years of a Discard Ban  
Viðar Ólason – Director of Surveillance

- The quota system creates both incentives and challenges
- Landing obligation and discard ban since 1996
- A strict regulatory framework with built-in flexibility
- Transparency and public reporting

We should encourage collaboration and responsible actions of our stakeholders in the fisheries sector for the benefit of our future generations.
